WSDOT Construction Activity & Possible Delays/September 12-September 22, 2002

This update is also available by calling 1-800-695-7623, extension 511.

US 2/Deer Road to Westwood Road (MP 296.26-306.18)- Work continues on this resurfacing project; minor items remain. Motorists should be aware of minor, periodic northbound and southbound lane and shoulder restrictions and slow traffic. At least one access to all homes and businesses in the project area will be maintained.

SR 20/Colville High School to Narcisse Road (MP 355.94-363.61)- Crews are continuing paving road approaches. Motorists can expect minor delays with possible slow, single-lane traffic controlled by flaggers and/or pilot cars from 6 a.m. to 8 p.m., Monday thru Saturday as work continues.

SR 23/Front Street in St. John (MP 14)- Work on this improvement project on Front Street continues. Motorists can expect some sections of unpaved roadway within the work zone. A 24-hour detour is in place for SR 23 traffic. This is a City of St. John project.

SR 27/Pines Road (MP 84-86)- Avista crews are continuing utility work on this section of roadway from 4th Avenue to Cataldo Street in the Spokane Valley. This work requires minor lane restrictions on the northbound lanes of Pines Road; southbound traffic will not be affected. Motorists should be aware of possible minor delays and congestion in the work area.

SR 28/City of Davenport (MP 130-131) – This section of highway within the City of Davenport will be closed Tuesday, September 17th thru Thursday, September 19th as crews rebuild the Palouse-Coulee City railroad crossing. While work is underway, motorists are advised to use the detour provided.

I-90/Mission Street bridge over Evergreen Road – Crews will begin bridge deck repairs to the Mission Street bridge over Evergreen Road on Monday, September 16th at 7 a.m. This work requires closure of the bridge; a detour will be in place. Work is expected to be complete by October 1st.

HIGH IMPACT!! I-90/Harvard Road Interchange (MP 296)- Crews are completing minor items. Motorists can expect periodic lane restrictions and delays on Harvard Road and westbound I-90, and should be alert for slow traffic and congestion.

Weekly Update
September 12, 2002

HIGH IMPACT!! Harvard Road – The City of Liberty Lake has closed Harvard Road north of Mission Avenue to the Spokane River bridge as crews complete gas line repairs. Work is expected to be completed by Tuesday, September 17th. This is a City of Liberty Lake project. For additional information, please call 755-6700.

SR 127/Church Hill Road to Dusty (MP 18-27.05)-Work is complete.

HIGH IMPACT!! SR 290-Trent Avenue/Spokane River Bridge (MP 0.4-0.6)- Work continues on this bridge replacement project between downtown and Hamilton Street. Trent Ave. is closed to through traffic between Riverpoint Blvd. and Cincinnati Street. Detours are fully signed. Access to all businesses on Trent is available. This is a long-term closure.

SR 290/Sullivan Road to the Idaho State Line (MP 10.35-18.38)- Crews are completing minor items. Motorists can expect some traffic directed by flaggers and minor, periodic lane restrictions throughout the entire project limits.

US 395/South of Hastings Road (MP 166.15)- On Friday, September 13th, crews will begin widening US 395 at this location to provide right turn lanes and other minor items. This work requires right-hand lane and shoulder restrictions from approximately 6 a.m. to 9 p.m. while work is underway. Motorists should be aware of possible slow traffic and congestion in the project area, and of construction personnel in and adjacent to the roadway. The project is expected to be completed by November 1st.

US 395/Arden to Colville (MP 219-229)- Crews are continuing work on minor items. On Monday, September 16th, crews will repair bumps at each end of the Little Pend Oreille River Bridge in Arden. While this work is underway, motorists can expect one-lane traffic directed by flaggers and minor delays of 10-15 minutes.

HIGH IMPACT!! US 395/Colville Main Street (MP 228-229)- Extensive work continues in downtown Colville. Main Street continues to be reduced to one lane in each direction with possible slow traffic. The new signal at Main and Birch Street has been turned on; the signal at 5th and Wynne is expected to be turned on early next week. Motorists can expect some sections of gravel roadway within the work zone. All businesses are open. This is a City of Colville project.

U.S. 395-North Spokane Corridor/Hawthorne to U.S. 2- Work on this phase of the project is complete.

SR 904/Tyler to Cheney (MP 0.00-9.09)- Work continues on this overlay project. Crews are working on minor items, as this project is near completion. Motorists can expect periodic traffic directed by flaggers and may see minor delays.
